Supervisors buy check machine, up road base

With three members finally choosing to provide security, the board of supervisors Monday accepted a check machine and a road base for the local bid on an electric check protector of \$390.50 and transferred \$390.50 from the road protection fund to the health and safety fund to running check machine.

A change order providing for an eight-inch rather than six-inch base on the Flat Top Road state aid project was approved as recommended by George War, county engineer, who said it would not increase the contract price.

Other decisions were deferred until next Monday when Dolph Kollar, presiding in the absence of Beat 5 Supervisor R.G. Hubbard, Jr., said he preferred a full board to consider some items. Present with Kollar were Jack Loft of Beat 4 and Charles Lovings of Beat 3.

Loft moved to accept for county maintenance the clay gravel roads in Clearwater Heights, noting the plan had been filed before the new subdivision ordinance was adopted.

Old time greats are back in news

Do the names Leland Mitchell and Babe McCarthy ring a bell?

Basketball fans will remember Mitchell as one of the great players spurned at the old Kiln School who went on to star at Mississippi State when the Maroons won three straight Southeastern Conference Championships in 1961, '61 and '62 with McCarthy as coach.

Mitchell was named to the SEC all-star team twice, made the All-Sugar Bowl Tournament during his junior and senior years and was named to the NCAA All-Mid East Regional and the Look Magazine All-American team in 1962. He was the No. 2 draft choice of the St. Louis Hawks and was the last player cut from the Hawks' regular camp.

For the last four years Mitchell has served as state agent for an insurance firm but Monday McCarthy, now coaching the New Orleans Buccaneers, signed the 6-foot-4 star to a contract after he proved during the exhibition season that he still had what it takes. After

shedding 35 pounds Mitchell has been playing in a rollof role at guard and has hit 10 of 90 shots from the floor and scored 37 points for a 4.8 average. He now weighs 210 pounds.

The Buccaneers, with a 12-man squad, upon their season tonight against Houston in the Loyola Field House at New Orleans.

Mitch is married to the former Mary Carolyn Tramm of Louisville, Ky., and they have three children.

150 Years

Coram December, Mississippi will be observing its 150th Anniversary. A number of ceremonies and celebrations are in contemplation to commemorate this historic event, along with the usual striking of a postage stamp.

The American Republic was in her infancy when the state of Mississippi was admitted into the Union on December 10, 1817, as David Holmes of Virginia became its first governor.

On Mississippi's 50th Anniversary, in 1867, she was in no condition to observe the event. By legislative enactment, Mississippi's Centennial, in 1917, was to have been staged on the Mississippi Gulf Coast at Gulfport, with an Exposition located at the present site of the U.S. Veterans' Facility, east of the city.

On account of America's entrance into World War I, the 100th Anniversary celebration was cancelled, and the partially completed Centennial Exposition grounds and buildings, was converted into a U.S. Naval Training Station.

With the nation at war in 1901, on the state's 150th Anniversary - the time is again not propitious for any major celebration.

However, we can all take cognizance of an occasion that marks a significant milestone in the evolution of a great state.

The epic that is Mississippi is one of wars, hardship, sacrifice, heroism and the overcoming of what sometimes has seemed insurmountable obstacles. It has been a heartrending but inspiring experience.

The 1967 event provides an unprecedented challenge to all believers in Mississippi to press forward hand-in-hand and shoulder-to-shoulder, to lift the state to her ground. Proud of Mississippi's glorious past, with confidence in her brighter future, Mississippi's sesquicentennial serves as a fitting time for commemoration, rededication and resolution. Our work is not finished.

Trade seminar speakers told

Big will be one of the important days in Hancock history if all the plans of the Chamber of Commerce for civic-minded work out.

It is the date of the first International Trade Seminar, sponsored by the Hancock Chamber of Commerce, in cooperation of the Supervisors, Port and Commission, U.S. Department of Commerce, Gulf Planning Commission, Gulf Marketing Council, Louisiana - Mississippi Export Expansion

will be conducted in the Bay-Waveland Memorial Gymnasium, 2300 Waveland, at 9:30 a.m., the seminar begins at 10 a.m. at the Bay-Waveland

Yacht Club and the program resumes at 2 p.m.

Mrs. Frank Klefer, secretary-manager of the Chamber, said yesterday that at least a dozen prominent speakers are booked for the occasion and more than a thousand invitations were being mailed to persons in Mississippi and Louisiana. She said the main purpose of the event was long-range to acquaint people with opportunities in exporting Mississippi products and to show the many varied products produced in the state including crops, chemicals, etc.

Speakers include E.A. Stephens, director, Port of Gulfport; W. H. Ramsey, export sales director, Mississippi Chemical Corp.; Yazovitch, William A. director, III, general manager, Hirsch Tractor Co.

Jackson, John A. Martiniere, director, Biloxi Port Commission; Edwin C. Jewett, Jr., manager, International Department, National Bank of Commerce, New Orleans; Edward L. Gates, Jackson attorney and member of the Mississippi Agricultural and Industrial Board; William H. McAnabess, Jr., president, McAnabess and Co., Inc., New Orleans exporters; Edward A. Khayat, Jackson County supervisor and member of the Greater Pascagoula Port Authority; Capt. George A. Stevens, manager of International Trade Division of Mississippi Marketing Council of New Orleans; Edwin A. Ireland, Jr., director, New Orleans field office, U.S. Dept. of Commerce; Harry M. Kelly, chief of a firm in Louisiana; Mississippi Regional Export Expansion Council, Capt. J.W. Clark, president, Delta Steamship Lines, Inc., New Orleans and Gulfport; and Jack Dufferent, director, Gulf Regional Planning Commission.

Featured will be a display of made-in-Mississippi products supervised by Charles Carter, Jr., public relations department, Coast Electric Power Assn., and Lester Clark of the MTC community relations department of General Electric.

BOARD MEETS

A meeting of Annunciation School Parent-Teacher Association executive board was held last Wednesday night in the school lounge. Present were L. J. Breaux, president; Mrs. Herbert Knight, vice president; Mrs. Dorcas Martin, treasurer; Mrs. Melvin Ladner, secretary; and Sister Clare Frances, school principal.

PETITION FOR MANAGER

Signatures already have been obtained from more than 20 per cent of Bay St. Louis voters petitioning Mayor John A. Scalfie to call an election of whether or not the city should abandon its existing form of government and be organized under the council-manager plan. It was learned this week. Petitions have been circulating about a month. There was no word on when they will be given to the mayor.

COUNTY AIRPORT

(Cont. from Page 1-A.)

The commission passed a resolution stating its intention to provide all facilities necessary to handle traffic required by National Aeronautics and Space Administration at MTF and asked the Civil Aeronautics Board, under whose auspices the hearings were being held, to require Southern to make as many flights as necessary with sufficient stops to handle traffic required by NASA.

A copy of the resolution and information obtained from bearing is to be forwarded to Wynn in time for it to accompany his intervention notice.

Kellar warned commissioners they must constantly be on the lookout for further uses for the airport and not place their complete reliance in MTF traffic. He cited the mass transit tie as one specific example.

Martiniere said the original site selection had been brought about in great part by the close proximity of the new I-10 to the airport.

"We always looked towards making it into a regional airport as soon as circumstances permit," Martiniere said.

He elaborated by pointing out the commission had made adequate provision for air oriented industry to locate at the airport site.

Thanks to everyone who sent beautiful floral offerings. Last but not least thanks to Lyndon Johnson, president of United States for kind words, also my husband's citation. It is beautiful, also American Flag. Mr. Dundur was buried August 9 at 1 p.m. in Old Soldiers' National Cemetery, Port Hudson.

Gone but not forgotten. Love you wife, MRS. JOHN K. DUNDUR

Dredge payment marks Mullato port progress

Partial payment number 3 to Bauer Dredging Co. in the amount of \$3,924 for work done at Mullato Bayou was recommended for payment by the Port and Harbor Commission on Thursday, this was done after they heard from Jack Williams of Michael Baker, Jr., Inc., their consulting engineers, on progress at the project.

Other amounts approved were \$287.84 to Baker for supervisory work at the project, and a further sum of \$221.44 for reprinting of 50 copies of the airport master plan, all under claim booklet A. Claim booklet B approved for payment amounted to \$310. Biggest item here was to Chapman Business Service for stationery and the like.

In a determined effort to learn more about their role in future trade and commerce, commissioners are to hold two sessions in November. The first will be on Nov. 9, when regular business will be transacted, and the second the following day in the Trade Mart, New Orleans.

The latter, in the offices of the Mississippi Marketing Council, will be addressed by Capt. George Stevens, MMC manager.

In other matters the commission agreed to advertise again in the Mississippi Monitor, taking an inside color cover for \$750.

They agreed to co-sponsor the forthcoming International Trade Seminar in Bay St. Louis and authorized their president, Donald Landry of Waveland, to appoint a commission of one to work with their attorney and forster to negotiate an acceptable timber sale contract. For those areas of the airport lands needed in initial stages of development.

SPOOKS TO ROAM

North Bay Halloween Carnival, sponsored by Bay St. Louis Elementary Parent-Teacher Assn., will begin at 6 p.m. at the school.

HURRICANE RELIEF

Donations to hurricane Buehah relief fund may be made to Hancock Chapter of American Red Cross in Courthouse, telephone 467-4071 or 467-5045.

WAVEL AND BONDS

(Cont. from Page 1-A.)

It says the bonds shall be sold at an interest rate of six per cent or under and that they shall be secured and repayed solely from revenues derived from the operation of the water and gas system.

However, if within ten days after last publication date of the advertisement, Nov. 2, not less than 20 per cent of the voters object by signed petition then the matter will be forced into a special election. This will mean a delay in issuance of the bonds until the results of the election are known.

WHITE NAMED

(Cont. from Page 1-A.)

student of the Lions Club and a Rotarian.

The president-designate served with the 13th Airborne Division in the European theater in World War II and spent a year with the Corps of Engineers during the Korean conflict.

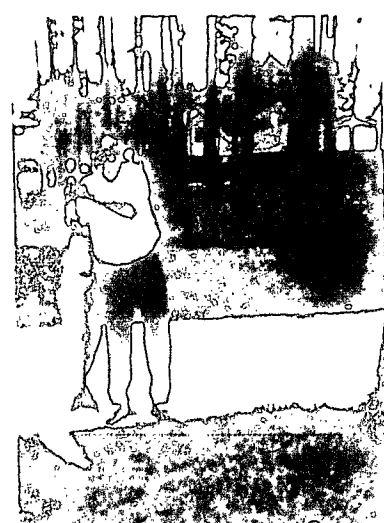

LOTT RACE

(Cont. from Page 1-A.)

committee settled the dispute over the nomination for county superintendent of education. At that time seven precincts were thrown out and the committee allowed results of their canvass of the balance to hold in the others. Attorneys for the two contestants gave order non-currence to this plan after all parties made an exhaustive study of state election laws.

MOON LANDING - State agencies of Mississippi, including the Department of Transportation, became first to participate in United Agencies' campaign for the moon landing. The first marks event by receiving the party's ticket.

Too bad this one does not count, but it was caught by the old pro himself at Blair Johnson's Redfish Rodeo and weighed 15 lbs. However, it's something to him.

Indian summer, rain, and with it an almost holiday atmosphere prevailed all over town on sunny Saturday. There's always a sort of carnival atmosphere, but Saturday appeared to be sort of a special day, a happy day, and for no other reason than the sheer beauty of the weather. Kids roamed, but sang instead of wildly shrieking, as is their normal form of self-expression. Adults walked instead of driving wherever possible, and a lot of people said they "gave morning" to the sun. As if they had been waiting for the sun to appear. The sun was out, and it was a beautiful day. The sun was out, and it was a beautiful day. The sun was out, and it was a beautiful day.

Soviet hospitality

People from other parts of the world, and from other parts of the world, are coming to Bay St. Louis. They are coming to see the sights, to enjoy the weather, and to experience the hospitality of the people. The people of Bay St. Louis are known for their warm and friendly nature. They are always ready to welcome visitors and to show them the best of the town. The people of Bay St. Louis are known for their warm and friendly nature. Word from the sick set

There is a lot of news coming from the sick set. There are many people who are recovering from illness, and they are sharing their experiences with others. They are telling us about the challenges they faced, the treatments they received, and the support they received from their families and friends. They are also sharing their hopes for the future and their plans for getting back to work and to their normal lives. The sick set is a diverse group of people, but they all have one thing in common: they are all fighting to get better.

Cinderella

Time to stop for a moment and think about Cinderella. Cinderella is a story that has been told for centuries, and it is still as popular as ever. It is a story of a young girl who is mistreated by her stepmother and stepsisters, but who eventually finds her prince and lives happily ever after. Cinderella is a story that teaches us about the importance of kindness, patience, and faith. It is a story that reminds us that no matter how difficult our circumstances may be, there is always a way out.

FRANK ANDERSON OF SLIDELL HEARD ABOUT HERB HARDY AND GERRY LANE'S FROM FELLOW WORKERS

Six of seven men who work for plants I guard had bought cars from Herb Hardy, so when I decided I wanted a truck I went to Herb Hardy Chevrolet and found out why. I got an excellent deal and I'd like to recommend the courtesy and cooperation extended by this newest Coast Chevrolet dealer.

Miss Torrence, Mr. Shumski to be married

Mr. and Mrs. Everett E. Torrence of New Orleans have announced the engagement and upcoming marriage of their daughter, Miss Torrence, to Mr. Shumski. The wedding is scheduled for a date yet to be determined. The couple will be married in a ceremony at the home of the bride's parents. The wedding will be a private affair, with only close family and friends invited. The couple is looking forward to their new life together.

Fishing notes

Tim Monti and Uncle Bud Stier really slew the fish Sunday. Their approximate count amounted to 150 bull croakers, 35 flounders, 17 rat reds and lots of mixed white and speckled trout, channel fish and two drums. Henry (Smoky) Norman, wife, and his brother, Lewis, were less fortunate Monday when they drove all the way from New Orleans to Bayou Caddy. They caught a few rather light crabs, period.

Around town

Jewel (Mrs. Felix) Miller is at home once again after travelling all over visiting her son and family in Mobile, and daughter and same in the Carolinas. Carl (Motor Mouth) Thibault (Cont. on Page 4-B).

Word from the sick set

There is a lot of news coming from the sick set. There are many people who are recovering from illness, and they are sharing their experiences with others. They are telling us about the challenges they faced, the treatments they received, and the support they received from their families and friends. They are also sharing their hopes for the future and their plans for getting back to work and to their normal lives. The sick set is a diverse group of people, but they all have one thing in common: they are all fighting to get better.

Cinderella

Time to stop for a moment and think about Cinderella. Cinderella is a story that has been told for centuries, and it is still as popular as ever. It is a story of a young girl who is mistreated by her stepmother and stepsisters, but who eventually finds her prince and lives happily ever after. Cinderella is a story that teaches us about the importance of kindness, patience, and faith. It is a story that reminds us that no matter how difficult our circumstances may be, there is always a way out.

Our man with the Armed Forces

Because beer is such a favorite drink of the Armed Forces, the United States Brewers Association (USBA) has a special program for members of the Armed Forces. The USBA has representatives in every branch of the service, and in every branch of the service, they are working to make sure that the men and women in the service have the best beer available. These men from the USBA operate under a license with service and civilian police, with many beverage licenses, public boards and committees, military, civil, professional. Object: to protect those who are underaged, and to insure strict observance of the law.

We're proud of the work they do.

Waveland, Miss. (E.P.) - Each graduate was also presented a permanent badge bearing the individual's name and name of club, a copy of the club's by-laws and a certificate from the Choctaw County Fair in New Orleans.

The instructor, a well known dancer, the dance was given by Tony Le George and during the time known as the "Swinging Grads" from New Orleans.

During graduation exercises following a period of dancing and dinner, diplomas were awarded.

His motel management group walked away with top honors in state competition for very fancy star-shaped hors d'oeuvres, featuring not only normal black coffee, but also red and white, interspersed with Philadelphia cream cheese garnished with pink salmon, etc., etc.

Bobbie (Mrs. Henry) Magglo, who is still most definitely not expecting the birth, in fact she has even forsaken tent dresses since losing pounds and pounds, gets out "home of the week" award, which is not a plaque, trophy or even a certificate, just so no one will expect anything more than mere mention. We still can't understand how she does it, but her huge beach home is truly something which should be photographed for House Beautiful, or a similar publication. Despite onslaughts of several active offspring, decor is perfect and the whole house, immaculately kept.

SHORTS AND SOUNDS ALONG THE WAY - Bright orange and red pyracantha bushes, brushing the ground bowed down with the weight of brilliant berries; a flock of jet black crows all but covering the grass; a uniformed Girl Scout troop briskly marching ahead of their leader, and the murmur of their voices as they chatted as they hiked along Beach Blvd.

QUESTIONS AND ANSWERS ABOUT THE Council-Manager Plan of Government

1. How does the plan work?

The council acts like a board of directors of a business corporation. The plan gives the legislative and administrative responsibilities with authority to determine policy, approve expenditures, hire and fire a city manager, resting with the council and the day-to-day business and operations of the city resting with the manager. A good councilman will be in a position to make unbiased decisions not being involved personally in day-to-day operations.

2. How will we attract top councilmen for \$50 per month?

Because councilmen are executives, their duties are similar to a board of directors, council elections will attract high caliber business and professional men. With an expanded council of six, there will be more representation in city government and a greater opportunity for liveliness of council.
